This is the second Office action for application serial number 10/635,242, Self-Locking Pivotal Bracket Connector Combination filed August 6, 2003. This application is a continuation of application serial number 10/200,559, now abandoned.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 61-68 have been canceled, since the claims have been withdrawn without traverse.

Allowable Subject Matter

Claims 40-42 and 44-60 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: the prior art of record fails to teach a locking pin or detent pin that is depressible locking pin connected to the first member and/or concave depression; or the hollow wall of the first member engaging the stop having an opposite side wall including a slot to receive the stop.
